

## The CS2E

Never out of fashion, hot dogs are still the most popular snack all over the world! The Roller Grill CS2E is a traditional hot dog steamer which can re-heat up to 40 hot dogs in a matter of minutes. The CS2E features a split basket for batch cooking or allowing you to offer your customers two different varieties. In addition to the steamer cylinder there are two heated steel spikes for warming the inside of your baguettes.

Features: Glass steaming cylinder, energy regulator, power neon, Teflon water well

Options: HD4 Heated Spike (4) unit
