

In Line Range

PGD700

Our In Line range is designed to bring maximum performance to your kitchen whilst making the best use of space on your counter.

The PGD700 is a high-performance duel zone gas griddle. Built around a 10mm thick steel cooking plate, it provides a solid cooking platform for your griddle menu; burgers, sausages, eggs etc. The steel plates is coated with multi-layer hard enamel which provides a perfectly smooth cooking surface, even distribution of heat and a degree of non-stick performance.

Features: Two independently controlled cooking zones; front drainage drawer; hard enamelled cooking surface; piezo ignition.
