

Fryers – MF Series - Electric

The MF120DR

The MF120DR is a compact powerful double tank fryer ideal for fresh or frozen chips (32kg/h fresh output), it can take a 10” fish fillet or sausage. If you have a larger chip fryer use the Roller Grill MF120DR for frying foods with a strong flavour eg garlic mushrooms or Plaice fillets to avoid contaminating the oil of your main fryer. The cold zone of oil below the element helps to prolong the life of your oil. Each tank has independent controls and can be used separately.

Features: Safety tap for easy oil drainage; 180°C operating thermostat; additional safety thermostat; safety micro switch to ensure correct positioning of element; heat resistant basket handle.

Weight	21kg
Dimensions (mm)	780 x 450 x 350
Oil Capacity	2 x 12 ltr
Power	2 x 6.4Kw 3ph / 380V
Output kg/h	32
Basket size (mm)	2 x (250x120x280)
