

Chicken Rotisserie

The RBE25

The movement will catch their eye and the smell of great spit roast chicken will bring your customers back for more! Healthy, clean and simple to operate the Roller Grill range of rotisseries is the perfect addition to your front of house area or kitchen. The RBE25 will cook 25 birds in approx 80 minutes. The trough baskets swing around a central spit and are capable of holding whole birds as well as drumsticks, wings, etc that cannot be skewered. The RBE25 can be opened from front and back and having glass on all four sides is ideal for a front window location to take full advantage of the theatre of cooking.

Features: incoloy armoured heating elements in the doors and quartz infrared elements mounted in the ceiling of the chamber, internal light, 2 power settings, "power on" light,

Options: B1 Stainless Steel Spits – 30 bird capacity
