

Warranty Validation Procedure for Gas Products

Thank you for choosing Roller Grill. All our equipment comes with comprehensive 12 month on site warranty cover.

To validate your warranty please complete the form below with the installation engineer's details, in particular their Gas Safe Registration number.

This machine is configured for LPG operation. If converting for use with a different gas supply, for example Natural Gas, check instruction sheet for working pressures, low burner and pilot adjustments.

If this unit is not correctly commissioned and / or installed by non Gas Safe Registered personnel, you will invalidate your warranty.
